Comptroller

13 December 1950

General Counsel

Establishment of new secure unvouchered
payroll procedure

REF: Memorandum from Finance Division to the
Comptroller, dated 19 November, on this subject

1. In your memorandum of 7 December, you requested our review of the proposals set forth in the referenced memorandum.

2. It is our opinion, after careful study, that the procedures set forth and the accompanying documents provide adequate legal protection to the Government and are well designed to fulfill the unvouchered payroll needs of the Agency.
